

The dust, you know, is a difficult enemy to fight effectively, especially when under it hides under the furnitures. But from today to seek out and eliminate it totally you have the new HIDE AND SEEK, fantastic system duster of the Super5 line. HIDE AND SEEK is a system with support for capturing dust cloth and stretch with the innovative “fold-neck” that will allow you to reach even the most hidden of your home without any effort. Hide and seek with the fact you never have to bend over to clean under your bed or under furnitures, you can just carry a small

vertical pressure on the 'grip and "neck" of hide and seek will bend allowing its mobile head to track down every speck of dust hidden. Super5, clean house without any effort
